

HOME SIDING SYSTEM BY VALLEY CEDAR 2 INC

"Creating Vancouver Island's Finest Western Red Cedar Shingle Panel Siding"

Valley Cedar's One-Course Panel System is the ideal choice for your home or upscale project. No other exterior wall treatment, natural or man-made, protects your investment better. Lightweight, durable, easy to install and with the popular blind nail application, these single course siding panels are your best choice for entire jobs. Following a proven 40+ year Cedar Valley design, we are the only panel supplier in Canada that provides a unique full coverage fiberglass mat under course, adding to your homes insulating factor. Engineering approvals, and extensive product warranty.

Panel Styles: 8 feet in length, and available in 5.3" & 7-1/8" or special exposures. Upon request, we can adjust your keyway space to your liking, provide you with samples, or help you with deciding the best panel product for your project! We recommend our Mix Grain panels for your gables or rustic cottage look, and our VG panels are fantastic for that upscale elegant look.

Even Buttline Panel: 7-1/8" = 4.75 sq. ft coverage 5.3" = 3.57 sq. ft. coverage

Staggered Buttline Panels
